## Powering Actionable Intelligence.

Verint Systems® is a global leader in Actionable Intelligence® solutions. In today's dynamic world of massive information growth, Actionable Intelligence is a necessity for empowering organizations with crucial insights and enabling decision makers to anticipate, respond, and take action.

Our Actionable Intelligence solutions help organizations address three areas of the market – customer engagement optimization, security intelligence, and fraud, risk, and compliance – by capturing large amounts of information from numerous data types and sources, using analytics to glean insights from the information, and leveraging the resulting intelligence to help optimize customer engagement, enhance security, and mitigate risk.

**Customer Engagement Optimization** solutions help organizations enrich customer interactions, improve business processes, and optimize their workforces to enhance loyalty, increase revenue, mitigate risk, and manage operational costs.

**Security Intelligence** solutions help organizations prevent, detect, neutralize, and investigate crime, terror, and cyber threats, as well as protect people, property, and assets.

**Fraud, Risk, and Compliance** solutions help organizations prevent loss; comply with regulations; investigate cyber, retail, and financial crime; help ensure continuity of business; and protect private information.
